

# SOLUTION MECHANISM GUIDE

Challenge - Create an online tool that allows users to answer a series of questions to pinpoint solution mechanisms to best fit their project needs.

Challenge Budget  
\$56,500

Challenge Award  
\$37,474

Decision-  
support  
Tool

## Results

- User and administrative interfaces based on tailorable content management schema
- Delivered as OpenSource software under an Apache 2.0 license
- Results exceeded initial expectations – tool currently internally deployed on NASA's network and deployed in the Human Health and Performance Directorate
